Hi Peter,

My plan was to write to you as soon as I got in this morning - but when I opened my email I had almost 400 emails to go through so there went that plan! Thanks for asking though - we had a great time!!!

I have been on Royal, Norwegian & Carnival in the past and out of all of them I think that Holland had the best food!!

They really took their time in preparing it and presenting it - it was great! The ship was nice and the entertainment was very good - the weather held up for us too - although we had to skip the Grand Caymens and go to Nassau instead - but we really didn't run into any rocky weather.

It really was a great trip....

Thanks again!!
